

Genius LAN[®]

E3000II Pocket LAN Adapter Series

Enhanced
Parallel Port
& Multiplexer
Parallel Port
Supported

Make Notebooks Networking Faster and Easier

E3000II Pocket LAN Adapters....*Make Notebooks Networking Faster and Easier*

Features & Benefits:

- Supports an additional multiplexer parallel port
- Superior Performance (80% more) through the bi-direction and Enhanced Parallel Port (EPP) mode
- Provides Genius Power Cable for power from PS/2 mouse or keyboard connector (No power adapter required)
- Allows for both 10BASE-T and 10BASE-2 connections
- Auto-detection of BNC or RJ-45 media-types
- Supports switchless hardware configuration
- Provides Diagnostic program
- Provides ODI driver for NetWare, NDIS 2.0, 3.0 driver for LAN Manager and Windows for Workgroups and Packet Driver for TCP/IP to UNIX

Models Available:

E3000II-2 :

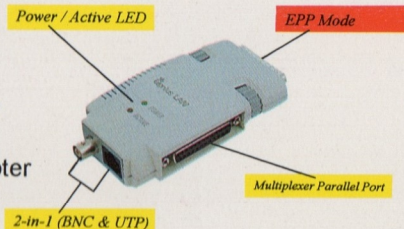

2-in-1 Pocket LAN Adapter

E3000II-CX:

Coaxial Pocket LAN Adapter

E3000II-TP:

10BASE-T Pocket LAN Adapter

Specifications:

Standard Interface	:IEEE802.3 10BASE-2, or 10BASE-T :Multiplexer parallel port, and BNC connector (for E3000II-CX), or RJ-45 connector (for E3000II-TP), or BNC and RJ-45 connectors (for E3000II-2)
Data Rate	:10 Mbps
Hardware	:IBM PC/XT/AT & Compatibles, Laptop, Notebook
Data Bus Width	:8 Bits (Bi-direction)
IRQ	:IRQ5, IRQ7 (auto-detected)
Drivers	:ODI driver for NetWare, NDIS 2.0, 3.0 driver for LAN Manager, Packet Driver for TCP/IP

Environment:

Temperature	:0° - 45°C (operating)
Humidity	:10% - 90%, not condensing

Power:

- Using Power Cable:
PS/2 mouse port, Keyboard connectors
- Using Power Adapter:
Input Voltage: 120V, 220V, or 240V
Output Voltage:DC+ 5V
Output Current:DC 300mA
